# THE BIGGEST BOAT MANUFACTURER IN SCANDINAVIA

Terhi boats are designed and manufactured in the small fishing village of Rymättylä in southwestern Finland. Thanks to the unique manufacturing method and innovative product development, Terhi has established itself as a popular and reliable, internationally recognized boat brand.

The broad Terhi model range includes the most popular and beloved rowing boats and motorboats, altogether 21 models. Terhi boats have been manufactured already for 48 years and in over 210 000 units. This means that all the nec-

essary spare parts and accessories are available, both now and in the future, for these desirable boats.

Terhi is a safe choice, not only due to its method of manufacture, but also because of the durability and the fact that Terhi-boats maintain their value much longer than other similar boats. We strive to continuously develop boats that are both durable, appreciated and aesthetically pleasing to the eye, boats that offer their users unforgettable experiences regardless of where in the world they are used, at sheltered lakes or open sea.

## The unique sandwich construction

All Terhi boats are made out of two separate ABS-plastic shells, which are vacuum formed under immensely high temperature. The space in-between the two shells is then filled with a non-absorbent polyurethane foam. This sandwich-like construction makes Terhi boats not only unsinkable, but also very long-lived and remarkably safe to use. The ABS-plastic is extremely impact- and weatherproof, and thus perfect for boats. The high finish and our attention to details sets us apart from many other row and motor boat manufacturers.

Inner and outer surfaces of these light-weighted and easily portable boats are smooth and seamless which makes them also easy to maintain clean. In addition to the boat's beautiful and neat appearance, Terhi stands out also with its wide range of accessories.

Two vacuum formed shells from strong and smooth, shock and weather proof ABS-plastic

## Small but stable

Terhi Tender is excellent as a help dinghy or yawl for a larger boat or as the first boat for the family's youngest skipper. Handy and effortless to row, easy to lift and travels well after a bigger boat without slowing the pace. Thanks to its catamaran-hull, Tender is extremely stable and secure. Under the seat, which is in lengthwise direction, is a lockable space for oars and other accessories. Tender Green consisting of a green-colored hull as well as a green interior, is an excellent choice for those who enjoy e.g. birdwatching or hunting at sea.

## Miraculously spacious

A generously sized rowing boat that can be fitted with an outboard motor. Thanks to the wide hull, Terhi 440 is very stable and the carrying capacity is far more than in most boats of similar size. Commuting from one place to another, the boat carries safely even larger loads to and from the summer house or cottage. When fishing it does not rock, nor roll when the nets are set or when the catch is lifted into the boat. Lockable storage spaces are available in both bow and stern, and the middle bench can be adjusted in length or disconnected and removed if necessary.

## The classic rowing boat

Terhi's version of the traditional Finnish rowing boat. This open boat moves easily and smoothly, with oars or by engine, but it is much easier to maintain than traditional rowing boats. Saiman's strong sandwich hull of ABS-plastic can withstand hard impacts much better than boats made out of wood or fiberglass. This carefree boat has room for two sets of oars and a small outboard engine. Lockable storage spaces are also available in this model, and Saiman also has a middle-bench that is adjustable.

## Saiman special edition

A version of the popular Terhi Saiman, which adapts especially well to nature thanks to its green color both outside and inside the boat. The boat is especially well suited for wildlife observers, nature photographers and seabird hunters because of its soundless approach and nature-like green color which allows one to get around without arousing attention. In addition, Saiman Hunter produces very little waves, which is beneficial when you want to get around unnoticed.

## Eco-friendly alternative

Saiman Solar is a renewed edition of Saiman Sunwind – the eco-friendly boat that uses solar energy as energy source. A 30 W solar panel, a battery regulator and battery casing are included as standard – all pre-assembled. You only need to add a battery that suits your needs and an electric outboard of your choice. If you choose an engine with an integrated battery, you do not necessarily even need a separate battery. Saiman Solar is an excellent choice for environmentally conscious boaters and for those who travel on waters where fuel engines are prohibited.

## For fishing and family

Nordic 6020 is a seaworthy and popular all-round boat with extraordinarily good 'work boat' capabilities. The boat has received thanks for its high freeboard and utmost stability, making the boat very secure and safe to use for boaters of all ages. This also makes Nordic 6020 optimal as a commuter's boat. Anglers highly praise Nordic 6020 for its open middle deck area, which makes it safer to move about in the boat while fishing. The boat even has a fish well with drainage, to hold all your catch, as standard.

## The fisherman's friend

The console boat Nordic 6020 C is directly related to the fishermen's favorite boat. As well as its role models, Nordic 6020 C is also very safe and secure on the water regardless of the weather. If more seating is potentially needed, the side storage compartment's lid can be folded over to form a middle bench. Included as standard are, among other things, a bilge pump, high bow rails for easy boarding and wiring for navigational lights.

## Versatile Bow Rider

Seasons 2020 novelties 480 BR and 480 Sport are dashing almost 5 meters long bow riders. Fresh white colour and classic grey interior combined with timeless design make the 480 a stunning package. In addition to the great looks, the boat has superb driving characteristics. The boat has two padded offshore seats and gauge, switches and possible chart plotter are located within reach. Boat's modern frameless windscreen gives the driver great visibility while driving. Two steering consoles with a steady middle door provide good shelter up to five adults. The new 480 boat can be purchased in two different models, a sleek Sport model or a Bow Rider with higher windscreen and a possibility for a stern canopy.
